THE LEARNING WINGS STORY

Meet Learning Wings

An Indian preschool brand with original books, a class-wise curriculum and Head Office support for centre teams.

2022
Year founded

500+
Centre network*

20+ years
Founder's experience

*Includes operational and upcoming centres.

Founder Director Rekha Aggarwal

Rekha Aggarwal's experience is in early-childhood education. She guides the academic team that develops our books, activity plans and teaching resources.

Four levels from Pre-Nursery to UKG

Blooming Wings (Pre-Nursery), Growing Wings (Nursery), Learning Wings (LKG) and Flying Wings (UKG).

A dated Google AI search example

A response shared on 4 November 2026 showed Learning Wings first for a question about play schools with EMI without a third party. That response drew on prior conversation context. Search answers vary by user, context and time.

LEARNING WINGS

Daily schedule from the sample

Green Class

Take the children in green class. First settle down them on mats. In growing wings level, mentor will sit along with the children on mat. Always arrange the class in semi -circle formation

Visit to letter family

Learning outcome – Through this activity, children will get to know the phonic sound.

Enhanced Skills - Speech, Language and Interpersonal Skills.

Suggestions for mentor-make eye contact with the kids and interact with each child during the activity.

Let's do it–

Step 1 - Speak with the children we know about the family of letters. Now mentor will show letter album.

LEARNING WINGS

Green Class phonics activity

Activities teachers can use

Daily and weekly plans cover play, rhymes, language and hands-on learning. The Green Class sample links letter sounds with a group activity. Festival and event modules support planning.

Training and language access

Pre-launch training, then at least three training sessions each week while your franchise is active. The School App offers AI-assisted curriculum access in multiple supported regional languages.

The academic approach includes early coding and STEM resources, developmental observation and NEP 2020 / NCF 2023 alignment.

ADMISSIONS AND MARKETING

From enquiry to school visit

Give parents a clear way to find your centre, get answers and book a conversation.

01 Get discovered locally

Head Office helps set up your Google Business Profile, plan launch and ongoing campaigns, and prepare posters, banners, flyers and unlimited social media designs. AI-assisted promotional videos support your campaigns.

02 Turn interest into an enquiry

Your centre page can show your location, photos and admission details. Parents can ask Bunny in English, Hindi, Hinglish or another supported regional language, or enquire through the form.

03 Follow up with Admission Saathi

Capture parent enquiries from the centre page or a branch QR poster. Track notes, reminders, visits and admissions in one workspace, with Excel export for authorised staff.

04 Prepare for parent conversations

Use admission templates and get guidance on enquiry handling, parent counselling, school visits and follow-up.
